Professional Summary

Backend Developer with 1+ year of experience building scalable banking applications using Java, Spring Boot, REST APIs, and Microservices. Experienced in API optimization, backend performance tuning, and Agile development. Strong problem-solving skills with 450+ coding problems solved across LeetCode and GeeksforGeeks.

Technical Skills

Programming Languages: Java, JavaScript, SQL

Frameworks & Technologies: Spring Boot, Hibernate, JPA, REST APIs, Microservices, React.js

Databases: MySQL, MongoDB

Developer Tools: Git, GitHub, GitLab, Postman, Maven

Platforms & IDEs: IntelliJ IDEA, Eclipse, VS Code

Core Concepts: OOPs, Collections Framework, Exception Handling, Multithreading, JDBC, Data Structures, Agile Methodology

Experience

Backend Developer | Tata Consultancy Services (TCS)

2025 – Present

Domain: Banking

Key Technologies: Java, Spring Boot, REST APIs, Microservices, MySQL, GitLab, Git, CI/CD, OpenShift, Linux

- Developed scalable backend microservices for banking applications using Java and Spring Boot.
- Designed and implemented 8+ REST APIs handling 10k+ daily requests.
- Reduced API response time by 35% through MySQL query optimization.
- Implemented secure backend validation and exception handling mechanisms improving API reliability.
- Integrated microservices and third-party APIs for seamless enterprise communication.
- Fixed production issues and improved stability for high-availability banking services.
- Participated in code reviews, debugging, and backend performance optimization.
- Worked with Git-based version control and clean coding practices.

Projects

ReuseU

Tech Stack: React.js, Node.js, Express.js, MongoDB

- Designed REST APIs for item listing, search, and user management.
- Implemented JWT-based authentication and role-based authorization.
- Improved application performance and maintainability through clean architecture principles.
- Developed reusable and modular frontend components using **React.js**.

Education

Bachelor of Technology in Computer Science Engineering

2020 – 2024

Certifications

Java Foundations — Oracle

React Basic — HackerRank

JavaScript Foundations — HackerRank

Achievements

- Completed additional certifications and virtual internships offered by **AICTE**.
- Solved **450+ problems** on **GeeksforGeeks** and **LeetCode**, demonstrating strong problem-solving skills in **Java**.
- Winner of the **Code Gyan Ganga** coding competition (March 2023), organized by **NSCC GGCT, Jabalpur**.
